

Learn about extinct animals.

Compare your size with that of a dinosaur.

Draw a picture of yourself on the grid below. What is your measurement in metres? Where should your head come up to?

Stretch:
Use the data in the table to draw the other extinct species onto the grid.
How tall is your teacher?
Draw them on the grid, too.

Challenge:
Use the data in the table to draw the some other extinct species onto the grid.

Animal	Sabretooth	Mammoth	Dodo	Thylacine
Height	1.2m	3.0m	1.0m	0.6m
Length	3.0m	4.0m	0.8m	1.8m
